ABOUT ME

- Passionate web developer with 3 years of experience in full-stack development, with a particular interest in frontend and user experience.
- With over 15 years of experience in customer relations within the banking sector and an education in economics and marketing, I've developed a unique ability to understand and meet customer needs.
- Driven by creativity, attention to details and a genuine commitment to delivering high-quality solutions, I'm passionate about user-friendliness and always strive to exceed expectations.
- With great curiosity and a commitment to continuous development, I stay updated on new technologies and trends.
- A positive and goal-oriented team player who also thrives on independent projects.

Key Competencies

Frontend | JavaScript | TypeScript | HTML | CSS | React / NextJs | Accessibility
Creative | Eye for details | Driven | Team Player | Problem Solver

- ✓ Higher Vocational Education Diploma, Degree May 2024 (400 YH points).
- ✓ Web Developer with fullstack competence in JavaScript.
- ✓ Completed with the highest grades in all subjects, demonstrating a deep understanding of fullstack development and my high level of ambition.

EDUCATION *(continued)*

BUSINESS IT | NACKADEMIN YRKESHÖGSKOLA | Aug 2007 – Jun 2009

- Higher Vocational Education Diploma, Degree June 2009 – Economics and Marketing.
- ✓ Drawing on my marketing experience, I have cultivated a strong ability to understand user needs and preferences, which is crucial for creating intuitive and user-friendly applications and interfaces.
- ✓ Experiences from economic and marketing-related projects have taught me the importance of careful planning and time management, which are essential for successful development projects.

SELECTED WORK EXPERIENCE

FULLSTACK DEVELOPER, INTERNSHIP | PROPIDA SOLUTIONS AB | Feb - Nov 2024

- Propida is developing a case management system for property issues.
- Proactive work with UI/UX design to improve the user experience.
- 15 weeks of internship as part of my education at Medieinstitutet, which was extended after graduation to continue programming and maintaining these skills while pursuing job opportunities.
- ✓ I was given the responsibility to implement a project to develop a new function to manage agreements, where, based on a given project description and mockups, I demonstrated my ability to transform planning into functional and user-friendly code.
- ✓ Designed mockups and implemented improvements for various parts of the system, updated existing code accordingly and delivered solutions that are now successfully used in production.
- ✓ Improved the responsive layout across multiple parts of the system.
- ✓ Involved in client meetings.
- ✓ I was highly appreciated for my ability to interact effectively with people, my strong drive and my focus on collaboration, clear communication and a solution-oriented mindset.

Tech-stack: React, JavaScript, GraphQL, PostgreSQL.

FULLSTACK DEVELOPER, INTERNSHIP | BYGGDAGBOKEN | Sep - Dec 2023

- Byggdagboken is a digital tool for construction companies.
- ✓ Together with a classmate, I created a login page to facilitate the user experience.
- ✓ Challenged myself with new technologies such as Java and MySQL to create a user list.
- ✓ I was highly appreciated for my strong communication skills and excellent teamwork, which contributed to fostering a positive team environment.

Tech-stack: React, NodeJs, JavaScript, Java, PHP, MySQL.

CUSTOMER SERVICE ADVISOR | SEB | Sep 2009 - May 2024

- Held various advisory roles with a strong focus on customer service and support, both in face-to-face meetings, over the phone and through digital channels.
- Provided advisory services and customer support, built and maintained long-term customer relationships and gained extensive experience in understanding and addressing customer needs.
 - Customer Service Advisor SEB Kort, Nov 2015 – May 2024
 - Customer Service Advisor Mortgage, May 2014 – Nov 2015
 - Customer Service Advisor SEB office located in Globen/Stockholm, Nov 2009 – May 2014
 - Customer Service Advisor SEB Kort, Sep 2009 – Nov 2009
- ✓ Developed strong skills in communication, customer interaction and problem-solving. Frequently collaborating within teams to achieve common goals.
- ✓ I often received praise from both colleagues and customers for my friendly approach, exceptional sense of service, attentiveness and positivity that inspired and uplifted those around me.

SELECTED PROJECTS *(more projects available on my GitHub)*

PORTFOLIO | Feb 2025 - ongoing

A modern and responsive portfolio built with Next.js, TypeScript, Tailwind CSS, Shadcn/ui, and Framer Motion. The project showcases my skills in web development, with a focus on performance, accessibility, SEO and clean design. By creating a fast and user-friendly experience, I have achieved a high Lighthouse score, reflecting my commitment to building high-quality web applications that are both functional and aesthetically pleasing.

[GitHub Repo](#) | [Live](#)

Tech-stack: NextJs, TypeScript, Tailwind CSS, Shadcn/ui, Framer Motion

SEMANTIC HTML AND ACCESSIBILITY | Dec 2024

Showcase my ability to implement advanced CSS, semantic HTML and follow accessibility best practices based on a given mock-up.

[GitHub Repo](#)

Tech-stack: HTML and CSS, strong focus on accessibility.

FULLSTACK E-COMMERCE PLATFORM | Dec 2023 - ongoing

Developed a fictitious e-commerce platform for yoga products using MERN-stack as my degree project. Key features include user login, secure Stripe checkout, admin panel and responsive design. Continuously working on this project as a hobby to improve functionality and skills.

[GitHub Repo](#) | [Live Demo](#)

Tech-stack: MERN (MongoDB, ExpressJs, React, NodeJs), TypeScript, Bootstrap, Stripe

WEATHER APP (API INTEGRATION) | Dec 2023

Built a weather app using the OpenWeather API to display real-time weather data with a user-friendly, responsive design for both mobile and desktop.

[GitHub Repo](#) | [Live Demo](#)

Tech-stack: React, TypeScript, Bootstrap, API integration.
