ABOUT ME

- Passionate web developer with 3 years of experience in full-stack development, with a particular interest in frontend and user experience.
- With over 15 years of experience in customer relations within the banking sector and an education in economics and marketing, I've developed a unique ability to understand and meet customer needs.
- Driven by creativity, attention to details and a genuine commitment to delivering high-quality solutions, I'm passionate about user-friendliness and always strive to exceed expectations.
- With great curiosity and a commitment to continuous development, I stay updated on new technologies and trends.
- A positive and goal-oriented team player who also thrives on independent projects.

Key Competencies
Frontend | JavaScript | TypeScript | HTML | CSS | React / NextJs | Accessibility
Creative | Eye for details | Driven | Team Player | Problem Solver

SELECTED WORK EXPERIENCE

FRONTEND DEVELOPER, INTERNSHIP| MOJJO AB | Apr 2025 - ongoing
- Contribute as a Frontend Developer to the team Boost By Mojjo, collaborating closely with the team from the planning phase to build a new platform for startups from scratch.

Tech-stack: NextJs, TypeScript, Tailwind CSS

FULLSTACK DEVELOPER| PROPIDA SOLUTIONS AB | Feb - Nov 2024
- Propida is developing a case management system for property issues.
- Proactive work with UI/UX design to improve the user experience.
- 15 weeks of internship as part of my education at Medieinstitutet, which was extended after graduation to continue programming and maintaining these skills while pursuing job opportunities.

- ✓ I was given the responsibility to implement a project to develop a new function to manage agreements, where, based on a given project description and mockups, I demonstrated my ability to transform planning into functional and user-friendly code.
- ✓ Designed mockups and implemented improvements for various parts of the system, updated existing code accordingly and delivered solutions that are now successfully used in production.
- ✓ Improved the responsive layout across multiple parts of the system.
- ✓ Involved in client meetings.
- ✓ I was highly appreciated for my ability to interact effectively with people, my strong drive and my focus on collaboration, clear communication and a solution-oriented mindset.

  Tech-stack: React, JavaScript, GraphQL, PostgreSQL.

FULLSTACK DEVELOPER, INTERNSHIP | BYGGDAGBOKEN | Sep - Dec 2023
- Byggdagboken is a digital tool for construction companies.

- ✓ Together in a team I contribute to build a login page to facilitate the user experience.
- ✓ I was highly appreciated for my strong communication skills and excellent teamwork, which contributed to fostering a positive team environment.

  Tech-stack: React, NodeJs, JavaScript

CUSTOMER SERVICE ADVISOR | SEB | Sep 2009 - May 2024
- Held various advisory roles with a strong focus on customer service and support, both in face-to-face meetings, over the phone and through digital channels.
- Provided advisory services and customer support, built and maintained long-term customer relationships and gained extensive experience in understanding and addressing customer needs.

- ✓ Developed strong skills in communication, customer interaction and problem-solving. Frequently collaborating within teams to achieve common goals.
- ✓ I often received praise from both colleagues and customers for my friendly approach, exceptional sense of service, attentiveness and positivity that inspired and uplifted those around me.

EDUCATION

FRONTEND DEVELOPER | LEXICON IT-PROFFS | Nov 2024 – Apr 2025 (present)
- **Course HTML and CSS:** HTML5, CSS3, semantic HTML for improved SEO and accessibility, advanced CSS with Flexbox and CSS Grid and responsive design.
- **Course JavaScript:** JavaScript (ES6+), TypeScript, DOM manipulation, asynchronous programming, API fetching and code structure.
